#### COMMERCIAL AND MONEY MATTERS.

For Sale of Stocks, &c., see Seventh Page.

MONDAY, F. M.

There was a good deal of buoyancy in the Stock market, so far as the sound stocks and bonds, and the improvement was sustained at the same time. These six Notes were in demand at \$1 and Government Bonds at 95 per cent. The confidence in the ratification of the amended Treaty by Mexico is operating in favor of the stocks, and there is a considerable increase among them. The copper, coal and iron stocks are among the leaders.

The Bull Market is inactive and nominal at 95 per cent. The gold Standard is \$25 for France. The supply of Gold is good, and the market, in consequence of the movement of the steamer, is quiet.

In Freight we hear of but little movement excepting cotton. Cotton is low at \$2.50. Corn, at 95 per cent. Hovey Freight, Up \$10. Some arrangements to have wheat made up at 95 and 2 1/2 for bonds.

As we were made up at 95 and 2 1/2 for bonds.

In our statement yesterday of the Treasury Note long term bonds were a little in error. Macfarlane & Co. got \$26,000 instead of \$26,000, and the amount due to us for Commer. & Biggs and Rothschild's is, as usual, as low as \$2,000.

The Money market is rather easier, and the tendency is to fall. Papers of first class are less plenty, and held at lower rates. Papers names are 12 per cent. to day. The Banks are generally discounting their receipts. The offerings are rather large, more than these institutions will discount.

We have received a slip from the office of Thompson's Bank Note Register, giving the following information:

The State Bank of Saugerties and the Northern Exchange Bank have resumed. It is gratifying to us to realize that the Northern Exchange Bank has been able to pay New York Stock stocks, are good, and cannot be depreciated but temporarily. There are no Banks now that can be depended upon, and these notes are secured wholly by New York Stock.

The James and the Banks have not done, and their notes are not good, nor are the dollars.

We advise our readers to keep clear of the James Bank.

The Bank of Africa at Buffalo has withdrawn its Arms from the Counter of its office, and substituted New York stocks, thus securing the public, irrespective of the Bank itself, which by the way, is one of the best in the city, and repaid stockholders' stocks much above example of this Bank.

The steamer from Boston on Saturday had only some \$2000 in specie on board.

At Philadelphia the money market is less strident. The rates for six-class papers are from 9 to 12 per cent, and the applications for discounts out of doors have gradually decreased.

The New York and Erie Railroad Company have called for an installment of \$10 per share on all shares on which the payments heretofore made do not exceed \$50 per share payable on the 12th of April next.

The Canal Bank at Cleveland, Ohio, has changed hands. Isaac L. Hewitt takes the presidency, and Warren Jenkins the chairmanship.

At Cincinnati there has been an increased scarcity of Exchange. Sight bills are selling at 95 premium. The money is still tight.

New-York Cattle Market.—MONDAY, March 13.

[By our own Reporter.]

At Market 1,000 Beef cattle, 700 Southern, the remainder Eastern and New York State; 900 Cows and Calves, and 50 Sheep and Lambs.

Sight Cattle.—Prices kept up to a pretty high mark. There have been no sales of consequence below 95, and the market averages from 95 to 98 per cent. over 200 head remain over unsold.

Received unannounced that the Delegates selected this evening in the Fifth Ward in the Third Congressional District of New-York, are hereby instructed to vote for me as a Delegate to the National Convention at Philadelphia, if I am chosen to represent New-York.

Delegates, etc., etc., and advocates of the claims of HENRY CLAY to the nomination for the Presidency.

On motion adjourned with nine cheers for HENRY CLAY.
